---

Faculty of Medicine and Health Sciences – Department of Medicine, Division of Gastroenterology and Hepatology, McGill University Health Centre (MUHC)

---

### **Position Description**

The McGill University Department of Medicine, Division of Gastroenterology and Hepatology in the Faculty of Medicine and Health Sciences invites applications for a full-time Contract Academic Staff position at the rank of Assistant or Associate Professor (Clinical) based at the McGill University Health Centre (MUHC). The professorial rank will be determined according to the candidate's qualifications and experience. This will be a Contract Academic Staff position and does not confer eligibility for tenure.

The Department of Medicine is a leader in academic medicine, our educational and research missions support excellent and innovative clinical programs across our teaching hospitals. The McGill University Health Centre is one of McGill's major teaching hospitals affiliated with the Faculty of Medicine and Health Sciences at Canada's internationally renowned McGill University, located in the vibrant and multicultural city of Montreal, in the province of Quebec.

### **Job Duties**

The successful candidate will be appointed to clinical practice in the Department of Medicine, Division of Gastroenterology and Hepatology at the McGill University Health Centre (MUHC), which includes the Lachine Hospital, Montreal General Hospital and Royal Victoria Hospital.

We are seeking a full-time gastroenterologist as a Clinician-Teacher or as a Clinician-Investigator to fill a need in the field of Neurogastroenterology.

Please see the Department of Medicine (DOM) website for [McGill DOM Career path definitions](#). Our career path definitions specify typical ranges of time allotted to clinical work, teaching (clinical and didactic), research and administration.

As a Clinician-Teacher, the successful candidate's major non-clinical focus will be on teaching the next generation of physicians. Teaching activity will include both didactic and clinical teaching.

As a Clinician-Investigator, the successful candidate will focus on directing a research program of sufficient caliber to publish in peer-reviewed journals and obtain funding from peer-reviewed agencies. The candidate interested in a Clinician-Investigator position will be expected to devote between 25-50% of their time to research.

The Clinician-Teacher/Investigator will work at the three MUHC sites. Adding to our esophageal diseases program, the successful candidate will be a dynamic individual who will lead and establish the foundation of a Neurogastroenterology clinical program with a particular emphasis on the diagnosis and treatment of gastric, and colonic/ano-rectal motor dysfunctions, as well as functional bowel diseases.

In addition, the successful candidate will serve within our existing esophageal motility laboratory, performing and interpreting examinations at an expert level, and contributing to the development of ano-rectal motor disorder investigations (i.e., ano-rectal manometry, etc.). Duties will also include inpatient gastroenterology consultation service, on-call, as well as outpatient clinic.

The successful candidate will also be expected to be actively involved in all aspects of McGill's academic mission (i.e., research, teaching, supervision of graduate students and residents, and involvement in academic and administrative committees).

McGill faculty members are expected to contribute to service activities within their units, the University, and the wider scholarly community. A demonstrated commitment to equity, diversity, and inclusion is also expected.

### **Qualifications and Education requirements**

Candidates must:

- Hold an MD degree and must holds, or be eligible for, licensure in the province of Quebec;
- Have completed subspecialty training in Gastroenterology;
- Be certified by the Royal College of Physicians and Surgeons of Canada (or equivalent);
- Be certified by the *Collège des Médecins du Québec*;
- Have completed a dedicated clinical or research fellowship in neuro-gastroenterology of at least one year, including additional specific training in anorectal and esophageal motility;
- Have clinical experience in endoscopy and ability to endoscopically manage acute GI emergencies such as gastrointestinal bleeding;
- Applicants should have a strong and demonstrable interest in patient care, teaching, research, and innovation;
- Bilingual language skills (French and English) are preferred, or a commitment to acquire the necessary language skills to practice medicine in Quebec. Candidates should be able to interact in English and in French with patients, families and health care professionals.

---

Applications must be submitted at the following link: [https://mcgill.wd3.myworkdayjobs.com/en-US/McGill\\_Careers/job/MUHC-GLEN/Assistant-or-Associate-Professor--Clinical---Department-of-Medicine--Division-of-Gastroenterology-and-Hepatology--Neurogastroenterology--C2-240415- JR0000053043](https://mcgill.wd3.myworkdayjobs.com/en-US/McGill_Careers/job/MUHC-GLEN/Assistant-or-Associate-Professor--Clinical---Department-of-Medicine--Division-of-Gastroenterology-and-Hepatology--Neurogastroenterology--C2-240415- JR0000053043)

*The following supporting documents are required:*

- A cover letter & curriculum vitae;
- A statement indicating your academic plans if you are successful in obtaining this position. Indicate your planned career path as a Clinician-Teacher or Clinician-Investigator. Describe your preferred research time allocation and detail your teaching plans, research plans and plans for service to the academic community;
- The names and contact information of three referees.

Use a personal email address when creating an account in Workday to submit your application. Do not use @mail.mcgill.ca or @mcgill.ca email accounts to apply.

McGill University is an English-language university where most teaching and research activities are conducted in the English language, thereby requiring English communication both verbally and in writing.

*McGill University is committed to equity and diversity within its community and values academic rigour and excellence. We welcome and encourage applications from racialized persons/visible minorities, women, Indigenous persons, persons with disabilities, ethnic minorities, and persons of minority sexual orientations and gender identities, as well as from all qualified candidates with the skills and knowledge to engage productively with diverse communities.*

*At McGill, research that reflects diverse intellectual traditions, methodologies, and modes of dissemination and translation is valued and encouraged. Candidates are invited to demonstrate their research impact both within and across academic disciplines and in other sectors, such as government, communities, or industry.*

*McGill further recognizes and fairly considers the impact of leaves (e.g., family care or health-related) that may contribute to career interruptions or slowdowns. Candidates are encouraged to signal any leave that affected productivity, or that may have had an effect on their career path. This information will be considered to ensure the equitable assessment of the candidate's record.*

*McGill implements an employment equity program and encourages members of designated equity groups to self-identify. It further seeks to ensure the equitable treatment and full inclusion of persons with disabilities by striving for the implementation of universal design principles transversally, across all facets of the University community, and through [accommodation policies and procedures](#). Persons with disabilities who anticipate needing accommodations for any part of the application process may contact, in confidence, [accessibilityrequest.hr@mcgill.ca](mailto:accessibilityrequest.hr@mcgill.ca).*

*All qualified applicants are encouraged to apply; however, in accordance with Canadian immigration requirements, Canadians and permanent residents will be given priority.*
